**Module:** ---

## 1.General information

### 1.1.Aims of the course

### 1.2.Context and importance of this course in the degree

### 1.3.Recommendations to take this course

## 2.Learning goals

### 2.1.Competences

### 2.2.Learning goals

### 2.3.Importance of learning goals

## 3.Assessment (1st and 2nd call)

### 3.1.Assessment tasks (description of tasks, marking system and assessment criteria)

## 4.Methodology, learning tasks, syllabus and resources

### 4.1.Methodological overview

The students, during their internship, will become familiar with the work of a professional in the sector in their corresponding field. Students will be immersed in the tasks of a graduate in Physical Activity and Sports Sciences, and will critically analyze the contributions of a graduate to the corresponding professional profile.

The academic supervisor's tasks are the following:

- Being the link between the internship center and the University.
- Follow-up and guidance in the practical work.
- Collaborate in the planning and orientation of the report.
- Evaluate the work of the students in their internship and the final report.

The internship supervisor's tasks are the following:

- Provide the necessary data to students in practice to develop their Working Plan.
- Favor the adaptation of the student to the center.
- Issue an evaluation report about the student.

### 4.2.Learning tasks

The course includes the following learning tasks:

- Administrative phase of the internship period:
  - Students contact with Universa to formalize the internship.
  - Initial contact of the student with the academic supervisor who will sign the documents and agree on the way to introduce the student to the internship center.
- Intermediate phase:
  - Follow-up by the academic supervisor in a minimum of 2 tutorials to check the suitable development of the work in the center.
- Final phase:
  - The academic supervisor contacts the center's supervisor to gather information for the student evaluation.
  - Submission of the report to the academic supervisor.
