## 4.1. Methodological overview

The learning process designed for this course is based on an active method, given that the student is integrated in a private or public organization to take an apprenticeship in it. The student becomes the agent of his/her own education through personal research, direct contact with reality and the experience with the work group where he belongs. This method is based on:

- A strong motivation in the learning process
- A growing difficulty
- The establishment of a bridge between academic theoretical abstraction and practical reality.
- The detection of errors
- The students autonomy
- The acquisition of skills in the search for information

## 4.2. Learning tasks

This 6 ECTS (150 hours) course is organized as follows:

- **Tutorials** (6 hours). Meeting with the academic tutor and presentation of the work placement report.
- **Working hours** (120 hours) adapted to the needs of the partner company and of the student.
- **Autonomous work** (24 hours). The student will write a preliminary work placement report, an academic report and will present the academic report.

## 4.3. Syllabus
