**Module:**

### 1. General information

### 2. Learning goals

### 3. Assessment (1st and 2nd call)

### 4. Methodology, learning tasks, syllabus and resources

#### 4.1. Methodological overview

The learning process of this course is based on the following: the methodology of the course is a combination of expository class by the teachers, in which we transmit the basic ideas about the topics, and a presentation by the students. Each student must work personally proposed readings and prepare a summary from a script. This work will be presented in the class through discussion of the readings for all students of the subject.

#### 4.2. Learning tasks

The learning activities of the course are divided into two types of activities:

- Face-to-face class and content discussion (30 hours; attendance 100%)
- Seminars, tutorials and personal work of the student (45 hours; attendance 0)

These activities are developed throughout the course in order to help the student achieve the learning results. It includes the following learning tasks:

The first session is a general presentation by the teacher. In the following sessions the students present the summary prepared from the script proposed on the subject and discussed the issues raised in the readings assigned to each topic. This debate is coordinated by the Faculty of the subject and is filled with exercises in the classroom.

In collaboration with CEPES-Aragon and the EUES held a specific workshop on Social economy organizations in Aragon.

**Note:** It is expected that classes will take place at the Faculty (offline). However, classes would take place semi-on-site or online if it were necessary due to safety reasons.
