Learning process: complementarity between theoretical and practical sessions.

Time distribution:

- Theoretical sessions: concepts, commentary on documentation and discussions.
- Practical sessions: readings and critical reflections.

Preparation of practical activities, based on models proposed by the teacher.

Learning activities:

- Theoretical classes, face-to-face: 25%. Teaching-learning methodology: lectures, theoretical presentations, debates, various presentations.
- Readings and personal work: 55%. Methodology: readings, summaries, presentations and evaluation tests.
- Practices: 10%. Methodology: commentary on research instruments and sources
- Tutoring: 7%. Methodology: student follow-up, problem solving, formative evaluation

Assessment 3%.

5. Assessment system

First call:

a) Continuous: it will be the teacher's authority to apply the continuous assessment.

Tests:

- Theoretical (50% grade): questions related to the syllabus. Criteria: writing and argumentation.
- Practical (30%): activity oriented, especially, to work with historical sources and bibliography. Assessment criteria: appropriate use of materials, writing of ideas and hypotheses
- Active participation and autonomous work (20%): reflection work at the initiative of the students and agreed with the teachers.

Criteria: ability to ask questions, formulate hypotheses and draw conclusions.

The final result will be the arithmetic mean of the grades obtained in Medieval, Modern and Contemporary.

b) Global: single test. Students will demonstrate an adequate level of proficiency in the learning results of the subject. The activities included in this test will correspond to those proposed in the continuous assessment method. This test offers the student the possibility to achieve 100% of the final grade. Criteria: as shown in the "Continuous Assessment".

Second call:

Single test. Students will demonstrate an adequate level of proficiency in the learning results of the subject. The activities included in this test will correspond to those proposed in the Continuous Assessment. This test offers the student the possibility to achieve 100% of the final grade. Criteria: as shown in the "Continuous Assessment".

6. Sustainable Development Goals

- 4 - Quality Education
- 5 - Gender Equality
- 10 - Reduction of Inequalities
