Degree	419 - Degree in Geography and Land Management
ECTS	6.0
Course	2
Period	Second semester
Subject Type	Basic Education
Module	---

### **1.Basic info**

#### **1.1.Recommendations to take this course**

#### **1.2.Activities and key dates for the course**

### **2.Initiation**

#### **2.1.Learning outcomes that define the subject**

#### **2.2.Introduction**

#### **3.Context and competences**

##### **3.1.Goals**

##### **3.2.Context and meaning of the subject in the degree**

##### **3.3.Competences**

##### **3.4.Importance of learning outcomes**

### **4.Evaluation**

### **5.Activities and resources**

#### **5.1.General methodological presentation**

The learning and teaching methodology developed in the course is aimed to promote the attainment of its objectives. A wide range of teaching and learning activities is implemented, such as interactive lessons, practical exercises, individual or group activities, directed activities and private study.

A high level of student participation will be required from all students throughout the course.

Extensive material will be available *via* the Moodle site of the course. This offers a variety of resources including a

## 28315 - Spanish Geography: Land Structure and Organisation
