

28326 - Rural Areas: Diversity and Development Strategies

Información del Plan Docente

Academic Year	2016/17
Academic center	103 - Facultad de Filosofía y Letras
Degree	419 - Degree in Geography and Land Management
ECTS	6.0
Course	3
Period	Second semester
Subject Type	Compulsory
Module	---

1.Basic info

1.1.Recommendations to take this course

1.2.Activities and key dates for the course

2.Initiation

2.1.Learning outcomes that define the subject

2.2.Introduction

3.Context and competences

3.1.Goals

3.2.Context and meaning of the subject in the degree

3.3.Competences

3.4.Importance of learning outcomes

4.Evaluation

5.Activities and resources

5.1.General methodological presentation

The learning process that is designed for this subject is based on the following:

Sessions on the theoretical contents of the subject. They are directed to file by the teacher in the classroom and discuss general and methodological aspects of the detailed contents on the agenda. In these sessions the participation of students will be promoted.

Supervised practice sessions by the teacher. They aim that the student is able to make decisions that allow him to solve

28326 - Rural Areas: Diversity and Development Strategies

simple problems related to the analysis of rural areas. It is intended him to familiarize with the basic sources of information and the proper treatment of information obtained from them by applying the most common methods and techniques.

Seminars. They aim to promote, through discussion, reasoning ability and communication. The seminars will be geared to the exchange of ideas using transverse and topical issues that are related to the theoretical topics covered in class.

Field trip. It will allow students to be able to observe "in situ" the variety of rural areas and their characteristics. The field work aims to initiate the student in the interpretation of the territory.

Tutorial. Facilitate monitoring of the teaching-learning and group counseling or individualized on the development of practical work and the approach of the seminars.

5.2.Learning activities

The program offered to help the student to achieve the expected results includes the following activities ...

Theoretical sessions , 30 hours

Practical work, 25 hours

Seminars, 6 hours

Fieldwork , 9 hours

Personal study, 75 hours

Tutorships, 2 hours

Evaluation test, 3 hours

5.3.Program

Program of the course:

1. Conceptualization of rural
2. Rural areas : recent trends
