

27023 - Undergraduate Dissertation

Información del Plan Docente

Academic Year	2016/17
Academic center	100 - Facultad de Ciencias
Degree	453 - Degree in Mathematics
ECTS	10.0
Course	4
Period	Second semester
Subject Type	End of Grade Dissertation
Module	---

1.Basic info

1.1.Recommendations to take this course

1.2.Activities and key dates for the course

2.Initiation

2.1.Learning outcomes that define the subject

2.2.Introduction

3.Context and competences

3.1.Goals

3.2.Context and meaning of the subject in the degree

3.3.Competences

3.4.Importance of learning outcomes

4.Evaluation

5.Activities and resources

5.1.General methodological presentation

From mid-June until the first week of September, those Departments related to the Maths Degree will present proposals for the Undergraduate Dissertations. Those proposals have to be approved by the CGC (Quality Assessment Committee) and

around mid-September, the approved proposals will announced. The CGC will guarantee that the number of proposals and

27023 - Undergraduate Dissertation

the variety of subjects are suitable.

An assignment process will follow. At the end each student must have signed a commitment with a teacher who will assist the student to understand the proposal, find the relevant bibliography and get the necessary skills to perform the task. The student will be supervised by that teacher during the whole process.

Detailed policies for Undergraduate Dissertations in Mathematics can be found at the Facultad de Ciencias webpage.

5.2.Learning activities

The Undergraduate Dissertation in Mathematics must be written using LaTeX. To help the students to achieve the necessary skills, an introductory course to LaTeX will be offered.

5.3.Program

5.4.Planning and scheduling

Scheduling for the Dissertations Defense.

Will be announced in the Facultad de Ciencias webpage.

5.5.Bibliography and recommended resources
