### **5.Activities and resources**

#### **5.1.General methodological presentation**

The learning process that is designed for this subject is based on the following:

The Master's Thesis is a personal and individualized learning process; nonetheless, an advisor is appointed for every student. In the process of dialogue and interaction with the advisor and other scholar, students advance in their training in research skills and are expected to develop results on the chosen field of work.

#### **5.2.Learning activities**

## **67518 - Master's Dissertation**

Student must establish a written agreement with their respective advisors.

Periodic meetings will take place with the advisor in order to help each student to further progress in their work, on an individual basis.

### **5.3.Program**

### **5.4.Planning and scheduling**

Scheduled sessions and presentation of dissertations

At the beginning of the second term, students should establish the topic of their Master's dissertation (TFM). At the same time, advisors will be assigned to all students to help them all along the process of elaboration of their TFM. Calls for public presentations of dissertations will be established by the School of Economics and Business. The schedule will be available on the web of the School.
