5.1.General methodological presentation

The work end of Master (TFM) is the culmination of the Master delight . The learning process is based on the practical application of those competencies acquired by the student along the Master Degree development. It is not conceived as a learning process including theoretical lectures and seminars. Instead, a mentoring system is established.

The guidance of the Master's Thesis (TFM) is organized under the supervision of a teacher belonging to any of the various areas of knowledge participants in the Master Degree.
