

61872 - Neurodevelopmental disorders

Información del Plan Docente

Academic Year	2016/17
Academic center	301 - Facultad de Ciencias Sociales y Humanas
Degree	557 - Master's in General Sanitary Psychology
ECTS	3.0
Course	1
Period	Half-yearly
Subject Type	Optional
Module	---

1.Basic info

1.1.Recommendations to take this course

1.2.Activities and key dates for the course

2.Initiation

2.1.Learning outcomes that define the subject

2.2.Introduction

3.Context and competences

3.1.Goals

3.2.Context and meaning of the subject in the degree

3.3.Competences

3.4.Importance of learning outcomes

4.Evaluation

5.Activities and resources

5.1.General methodological presentation

The course was designed based on plenary lectures and the active participation of students during the class. On the plenary lecture class, theoretical and practical contents will be exposed. Also, questions as well as public discussions raised during class will be very important. These will be allow us to take out some individual and group conclusions. Cooperative and problema-based learning could be used.
