Degree	270 - Degree in Psychology
ECTS	6.0
Year	3
Semester	Second Four-month period
Subject Type	Compulsory
Module	---

1.General information**1.1.Introduction****1.2.Recommendations to take this course****1.3.Context and importance of this course in the degree****1.4.Activities and key dates****2.Learning goals****2.1.Learning goals****2.2.Importance of learning goals****3.Aims of the course and competences****3.1.Aims of the course****3.2.Competences****4.Assessment (1st and 2nd call)****4.1.Assessment tasks (description of tasks, marking system and assessment criteria)****5.Methodology, learning tasks, syllabus and resources****5.1.Methodological overview**

In the subject Psychopathology and Therapeutic Interventions II, we will employ a participative methodology, using the Problem-Based Learning methodology as referent. We will stimulate critical thinking, by analyzing and discussing about the usefulness of the different theoretical approaches to therapy. This way, our purpose is to help student to choose the theoretical approach that fits better their goals in their future work as psychologists.

25922 - Psychopathology and intervention techniques II
