

Información del Plan Docente

Academic Year	2017/18
Faculty / School	229 - Facultad de Ciencias de la Salud y del Deporte
Degree	442 - Degree in Odontology
ECTS	6.0
Year	2
Semester	Second semester
Subject Type	Compulsory
Module	---

1.General information

1.1.Introduction

1.2.Recommendations to take this course

1.3.Context and importance of this course in the degree

1.4.Activities and key dates

2.Learning goals

2.1.Learning goals

2.2.Importance of learning goals

3.Aims of the course and competences

3.1.Aims of the course

3.2.Competences

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

The content of the lectures will be based on a text or manual previously recommended and adapted to the level of student knowledge.

In the seminars, students will work on topics related to the subject. Problem based learning represents an essential part of this subject: students have to solve problems posed by the teacher improving team work.

29318 - Medical Pathology for the Stomatognathic System

5.2.Learning tasks

- **Participatory classes (24 hours).**
- **Resolution of cases (13,5 hours).**
