

29326 - Conservative Odontology II

Información del Plan Docente

Academic Year	2017/18
Faculty / School	229 - Facultad de Ciencias de la Salud y del Deporte
Degree	442 - Degree in Odontology
ECTS	6.0
Year	3
Semester	Second semester
Subject Type	Compulsory
Module	---

1.General information

1.1.Introduction

1.2.Recommendations to take this course

1.3.Context and importance of this course in the degree

1.4.Activities and key dates

2.Learning goals

2.1.Learning goals

2.2.Importance of learning goals

3.Aims of the course and competences

3.1.Aims of the course

3.2.Competences

4.Assessment (1st and 2nd call)

4.1.Assessment tasks (description of tasks, marking system and assessment criteria)

5.Methodology, learning tasks, syllabus and resources

5.1.Methodological overview

The subject includes lectures, active learning, group work, tutorials and practicals sessions.

5.2.Learning tasks

The program that is offered to the student to help him to achieve the expected results includes the following activities:

29326 - Conservative Odontology II

LECTURES INDIVIDUAL AND GROUP WORKS TUTORIALS SEMINARS AND WORKSHOPS
PRE-CLINICAL SESSIONS

5.3.Syllabus
